Capability Statement

Core Competencies

Procurement & Supply: Competitive bidding, vendor evaluation, and sourcing of goods and services for federal, state, and local agencies.

Logistics & Delivery: Transportation management, supply chain coordination, fleet operations, and continuity of operations support.

Facility & Equipment Support: Provision of equipment, materials, uniforms, and operational supplies for government and industry needs.

Vendor & Subcontractor Management: Oversight of subcontractor performance, compliance monitoring, and risk management.

Differentiators

Proven International Standards: Leadership team has managed multi-million-dollar procurement and logistics projects in partnership with the United Nations (UN), United Nations Development Programme (UNDP), World Bank, United States Agency for International Development (USAID), and diplomatic missions including the U.S. Embassy, UK Embassy, and Danish Embassy in Kabul, Afghanistan.

Compliance & Accountability: Experienced in donor-funded and government procurement processes, ensuring transparency, thorough documentation, and audit readiness in line with U.S. federal and international requirements.

Responsive & Flexible: Known for providing tailored solutions with rapid turnaround, proactive problem-solving, and personal attention to contractors, agencies, and partners. **We provide "on call" 24 hour/7 days a week accessibility and readiness to client support services year-round.**
